

Birdseye Security Solutions

AI-Driven Eyes in the Sky.
Human Precision on the Ground.

At Birdseye Security Solutions, we deliver a comprehensive suite of services designed to secure your operations while improving efficiency and reducing costs. Our customized solutions are tailored to meet the unique needs of your business, ensuring seamless integration and optimal performance. Consolidate security, safety, and operations, with protocol enforcement into a single, turnkey solution.

How We Do It

- ✓ **Maximum Telepresence Approach™**
Combining professionally trained remote agents with AI-powered systems, we deliver real-time monitoring and rapid response.
- ✓ **AI-Powered Intelligence**
Our AI software identifies anomalies, predicts risks, and enhances decision-making to optimize security operations.
- ✓ **Advanced Technology Integration**
High-resolution cameras, smart sensors, and seamless system integration ensure accuracy and efficiency.
- ✓ **Proactive Response**
Our solution deters intruders and escalates incidents to authorities when needed.

By The Numbers

360° Protection | 24/7 Precision

Birdseye delivers a comprehensive suite of services designed to secure your operations while improving efficiency and reducing costs. Our customized solutions are tailored to meet the unique needs of your business, ensuring seamless integration and optimal performance. Services include all equipment plus installation, maintenance and service.

Remote Gate Automation

Streamline vehicle entry and exit with our AI-driven gate systems, seamlessly integrated with trained specialists for maximum efficiency and security. Our dedicated trained agents operate to your exact specifications with accuracy and dependability.

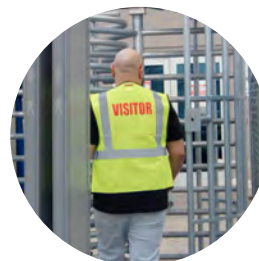

Perimeter Monitoring

Our cutting-edge surveillance technologies and expertly trained agents provide round-the-clock monitoring of your property. From identifying and deterring intruders to escalating incidents to authorities, we ensure your assets remain protected 24/7.

Facility/Yard Supervision

Leverage remote oversight to maintain safety, enforce protocols, and improve productivity across your facilities. Our team ensures compliance and investigates incidents, giving you control and peace of mind.

Employee Entrance and Exit Turnstile

Ensure secure employee access with turnstiles that allow only authorized personnel, complemented by integrated metal detection to prevent unauthorized items. Streamline movement, uphold safety, and track entry/exit in real time.
